GUMMED PAPER Tape Dispensers

Automatic & Manual

Automatic Tape Dispenser

FEATURES & BENEFITS

- **Productivity.** The Automatic Tape Advance feature means that once a piece of tape is removed from the dispenser, another automatically advances.
- **Reliable.** A microprocessor based control system can be interfaced with PC's, printers, shipping systems, and foot pedals for the ultimate carton sealing solution.
- **Easy Operation.** There are 14 preset colour coded keys with lengths ranging from 15cm - 145cm for the quick and easy operation.
- **Flexible Operation.** The programmable key pad allows tape length to be adjusted in 1.27cm increments.
- **Efficiency.** The tape output is a fast 114.3 cm / second, which significantly speeds up production where hand held plastic tape guns would be awkward, clumsy and time consuming.
- **Custom Length tape.**
- **Unique Safety Features** including thermal cutoff and safety interlock switch to ensure the absolute safety of the user.
