

# GUMMED PAPER Tape Dispenser

## Automatic Carton Sealing Solutions BP-555e

Our Better Packages gummed paper dispensers are what many of today's online commerce giants are relying upon to build on their strongly positive brand image by improving their overall productivity, enhancing the security of their product when shipped, and addressing the need for a more sustainable option in packaging excellence.

**Efficiency**  
Fast and efficient tape dispensing for increased productivity

**Enhanced Brand Image**  
Products that arrive intact and pristine reflect a positive company image

**A Superior Seal**  
Water activated adhesives penetrate into the fibres of the carton

# GUMMED PAPER Tape Dispensers

Automatic

**Packing and sealing more** than 100 cartons per day/per 8hr shift

**High volume, fast-paced** shipping environment

## Automatic Tape Dispenser

### FEATURES & BENEFITS

- **Productivity.** The Automatic Tape Advance feature means that once a piece of tape is removed from the dispenser, another automatically advances.
- **Reliable.** A microprocessor based control system can be interfaced with PC's, printers, shipping systems, and foot pedals for the ultimate carton sealing solution.
- **Easy Operation.** There are 14 preset colour coded keys with lengths ranging from 15cm - 145cm for the quick and easy operation.
- **Flexible Operation.** The programmable key pad allows tape length to be adjusted in 1.27cm increments.
- **Efficiency.** The tape output is a fast 114.3 cm / second, which significantly speeds up production where hand held plastic tape guns would be awkward, clumsy and time consuming.
- **Custom Length tape.**
- **Unique Safety Features** including thermal cutoff and safety interlock switch to ensure the absolute safety of the user.

#### **Thermal Cutoff**

Prevents the motor from overheating after extensive use

#### **Safety Interlock Switch**

Disables the cutting blade when the front cover is open

#### **Material Choice**

Flame-retardant plastic, steel side frames, high grade solenoid link and zinc-plated stainless steel parts.

## TECHNICAL SPECIFICATIONS

Maximum Diameter of Tape Roll:	25.40cm (10")
Maximum Length of Tape Roll:	304m (1.000')
Dimensions:	58cm L x 31.75cm W x 30.50cm H (20" L x 12.5" W x 12" H)
Dispensing Tape Length:	15.25cm - 114cm (6" - 45")
Dispensing Tape Speed:	114cm/sec (45"/sec)
Tape Width:	38mm - 76mm (1.5" - 3")
Tape Type:	Reinforced and non-reinforced water-activated tape, gummed side in or gummed side out
Water Bottle Capacity:	1.9L (64 oz.)
Blades:	Guillotine Shear Blades
Water Brushes:	3
Safety Compliance:	UL Listed, Meets or exceeds UL, CE and CSA standards for operator safety
