GUMMED Paper Tape

BondTape Green

BENEFITS

- **A Superior Seal.** The water activated adhesives in Gummed paper Tape penetrate into the fibres of the carton, creating a total bond.
- **Tamper Evident.** It cannot be removed from the carton without leaving traces of damage unlike standard packaging tapes which can be removed without a visible trace.
Hence Gummed Paper Tape offers clearly visible proof if a packages seal has been tampered with.
- **100% Recyclable.** Made from renewable natural resources makes recycling BondTape Green tape easier. Packaging research associations have all accredited Gummed Paper Tape recyclable, making it the most environmentally friendly choice.
- **The adhesive sticks instantly to cardboard, even if it's low grade, previously used, or not entirely flat.** This ensures packers don't feel tempted to add a few more overlapping strips 'just in case' and tape usage and packing time are both considerably reduced.
- **Use with Better Packages BP-555 Automatic Tape Dispenser and reduce wastage.**
